NIAGARA LADDERS

In June 1900 Mr. John Bacon started making and selling ladders. The past half century has seen the business progress steadily. High quality and real value in all the products we manufacture and sell have always been our objective. Our success we believe is due largely to this policy.

PICKING BAGS of OUTSTAN

APPEACH

The Safe Canvas Bucket

This rigid frame, canvas-covered picking basket is designed especially for peaches and easily bruised apples. It is also excellent for all other fruits. Its front stays protect against the ladder and the top opening is large enough for picker to lay fruit in carefully. The bottom is larger and quickly released for easy emptying of its 3/4 bushel capacity.

Weight 3½ lbs. Each \$4.50

ORCHARD KRAFT

This general service bag is excellent for all types of fruit, and also is very handy for picking sweet corn. It is constructed to hang in front or at one side with a large opening so that picker may lay easily bruised fruit in. Its capacity is adjustable up to 1/8 bushel by the closing drawstring which hooks at the sides. It empties easily through the wider bottom opening. Weight 21bs. Each \$3.60

APPEACH DELUXE

Same style and size as Appeach above, but with two extra front stays and more reinforcing for longer wear.

Weight $3\frac{1}{2}$ lbs.

Each \$5.00

APPEACH DELUXE JUNIOR

The ½ bushel Deluxe — best for peaches and the ideal bag for women to use.

Weight $3\frac{1}{2}$ lbs.

Each \$4.75
